Exclusive parasols and sun sails

Parasols leaflet

# The professional quality summer manufacturer

---

With CARAVITA. you don't get just any parasol, but rather a durable and individual shading system in professional quality. Made in Europe.

- **Quality:** High quality aluminium, reinforced struts and strong acrylic fabric ensure the longevity and wind CARAVITA parasols and sunsails.
- **Individuality:** With a choice of more than 60 parasol sizes, 200 frame colours, 120 fabric colours and optional features such as heaters and LED lighting, there is something for everyone.
- **Service & advice:** Our regional partners will be happy to provide for your project and will take care of the installation of our sun shading products. You can find your specialised CARAVITA dealer in your area: [www.caravita.eu/dealer](http://www.caravita.eu/dealer)

## Sustainability and Corporate Social Responsibility

We at Caravita attach great importance to the sustainability of our products and to our social responsibility as a company. By doing this, we want to contribute to a fairer world and a future worth living in. To achieve this goal, we not only ensure the longevity of our products by using high quality materials, but also by parts that can easily be replaced. And in logistics, we work every day to make our processes even more resource-friendly.

## The right sun shading product for every challenge

# BELVEDERE

Cantilever parasol with Easy-Flap system

Belvedere is probably the fastest parasol in the world. Thanks to the smart Easy-Flap technology, the canopy opens in seconds! When closed, it stands upright and takes up minimal space like a central pole parasol – once opened, it transforms into a cantilever parasol with optimal space utilisation and a unique design.

## Frame

white RAL 9016, anthracite grey  
RAL 7016 or white aluminium  
RAL 9006, other RAL CLASSIC  
Colours at a surcharge

RAL 7016

RAL 9016

RAL 9006

## Pole

Aluminium pole with a diameter of 60 x  
60 mm and a wall thickness 4 mm

## Fabric

Premium parasol fabric in more than 120 colours. 100% acrylic fabric, light-fast and weather-resistant

## Struts

Double-Layer power struts  
30 x 15 x 2 mm with strut  
reinforcement

## Your benefits

- Easy-Flap system for opening in just a few seconds
- Greater convenience with stainless steel rotary base rotatable by 360° (optional)
- Unique look and high-grade components

# AMALFI

Elegant cantilever parasol

**5 YEARS**  
WARRANTY\*

Min. size  
**2 x 2 m**  
Max. size  
**3.5 x 3.5 m**  
Max. shading  
**12 m<sup>2</sup>**

Min. size  
**2 x 3 m**  
Max. size  
**3 x 4 m**  
Max. shading  
**12 m<sup>2</sup>**

Min. size  
**Ø 2.5 m**  
Max. size  
**Ø 4 m**  
Max. shading  
**12 m<sup>2</sup>**

\*5-year manufacturer warranty in accordance with [www.caravita.eu/warranty](http://www.caravita.eu/warranty)

# AMALFI

Elegant cantilever parasol

The Amalfi canopy sways freely, seemingly weightless. The pole of the parasol stands laterally, thus creating plenty of space for tables and chairs. While the sun may wander during the day, the shade remains exactly where it is needed. With the optional stainless steel rotary base, the Amalfi can be rotated 360° without having to move the base.

## Struts

Double-Layer power struts  
30 x 15 x 2 mm with strut  
reinforcement

## Pole

High-Power pole – 60 x 100 mm and  
4 mm wall thickness (triple welded)

## Fabric

Premium parasol fabric in more than 120 colours. 100% acrylic fabric, light-fast and weather-resistant

## Frame

Choose from more than 200 RAL colours

## Your benefits

- Flexibility thanks to the pole being pivotable by 360° (optional)
- Optionally available with two or four canopies
- Suitable for wall installation

# SCALA

Function meets design

**5 YEARS**  
WARRANTY\*

Min. size  
**3.5 x 3.5 m**

Max. size  
**4 x 4 m**

Max. shading  
**16 m<sup>2</sup>**

\*5-year manufacturer warranty in accordance with [www.caravita.eu/warranty](http://www.caravita.eu/warranty)

# SCALA

Function meets design

The elegant Scala cantilever parasol allows for extra flexibility and convenience, thanks to its integrated rotary base and the optional WMS radio motor. With a span of 4 m and its modern design, the Scala is a real eye-catcher on any patio.

## Struts

Double-Layer power struts  
30 x 15 x 2 mm with strut  
reinforcement

## Pole

High-Power pole – 100 x 80 mm  
and 4 mm wall thickness

## Rotary base

Pole pivotable by 360°

Canopy closes right on  
the pole to save space

## Fabric

Premium parasol fabric in more than 120 colours. 100% acrylic fabric, light-fast and weather-resistant

## Frame

Choose from more than 200 RAL colours

## Your benefits

- Flexibility thanks to the pole being pivotable by 360° (optional)
- Unique look and high-grade components
- Convenient operation via hand-held transmitter or app and WMS radio motor (optional)

# Accessories and more

## A solid base for your parasol

Careful selection of the base for your sunshade is essential, that it sits firmly and securely in place.

Although the high-quality CARAVITA parasol fabrics and frames are designed to withstand relatively strong gusts of wind, each parasol still needs sufficient counterweight to keep it in place.

It is up to you whether you prefer to anchor your parasol to the ground or choose a mobile parasol base that will keep your sunshade more flexible.

Find the right parasol base to suit your requirements.

## Rain and weather protection

With CARAVITA, you can enjoy time outdoors even in rainy weather, on cold days and late at night.

CARAVITA offers many options to create your individually customised weather protection solution:

- Side panels
- Rain gutters
- Infrared radiant heater
- LED lighting

Find out more about our smart upgrades for an even longer summer.

## Sun shading fabric that cleans the air

Acrylic ProNature is a special sunshade fabric from the CARAVITA range, which is optionally available as an impressive upgrade:

The coated fabric is just as robust and offers the same level of UV protection as the standard acrylic fabric, but it also cleans the air.

The special coating enables photocatalysis, which pollutants such as nitrogen oxides, sulphur oxides and organic oxides and organic substances. Just 4 m<sup>2</sup> of fabric the NOx emissions of a car with a mileage of of 20,000 km/year.

Discover the 20 modern fabric colours of the ProNature collection.

## Live parasol visualisation

Which fabric colour matches the wall of my house? Which parasol size will provide shading up to that corner even in the afternoon?

The CARAVITA Designer is a free app for iOS and Android that will help you to plan your parasol.

Augmented Reality technology enables you to easily configure the size and colours of BIG BEN and the others, and to visualise them on your patio or balcony. Use shadow modelling for your parasol for any time of day or year. This way the CARAVITA app will help you to make sure that you select the right size and location for your sun shading product.

Download the app from the App Store or Play Store now.
